

Arizona Collegiate Wood Bat League Players:

4/1/2011

Sandlot Stiks is proud to be entering our 2nd season as the official bat of the Arizona Collegiate Wood Bat League. We'd like to take this time to introduce ourselves and let you know a little bit about our company if you haven't already heard of us. We realize there are many choices of wood bats out there for young players to choose from so we'd like to take this time to explain a little bit about what sets us apart from the rest.

At Sandlot Stiks we pride ourselves in producing professional quality wood baseball bats that we ourselves would swing. We can truthfully say we have complete control over our quality because we manufacture everything in house here in Chico, California. In addition to our 15 years of experience manufacturing quality wood baseball bats, we have over 30 years of professional playing and coaching experience so we have a unique understanding of what models are best suited for all types of players.

All wood bats will eventually break but quality wood performs better. We pride ourselves in knowing what a quality wood bat is from having used them at the professional level and manufacturing them over the past 15 years. More recently we've upgraded to the finest CNC machinery to help us produce the most accurate reproduction of our models and to increase our production capacity.

We will be down during the season with bats for sale but now is your chance to order ahead of time so you can be prepared for the season. Order now and we will laser engrave your name on your bats for free. Order forms can be emailed to info@sandlotstiks.com or simply call us at (530) 809-0927. Check out our website at www.sandlotstiks.com to review our bat models. You will also be able to order there very soon.

Your special league price is good now through the end of the ACWBL season. Standard lead time on custom orders is 2 weeks after payment is received so don't wait till the last minute.

Congratulations on being a part of the ACWBL and taking the next step in your baseball career. We hope to hear from you soon and see you down in Arizona as well. Should you have any questions about what models would be best suited for you please don't hesitate to call.

Sincerely,

Chris Corso, CEO

Jon Macalutas, CFO
